

# SERVANT HANDS FEB 21-22, 2025

Grace Community Church in Vicksburg, MI is currently seeking a new pastor. Before their new pastor arrives, they need to complete repairs to the parsonage building. Repairs to the roof are scheduled to be completed mid-January. Once repairs to the roof damage are done we will be assisting the church in repairing drywall damage and painting along with completing some other minor repairs.

Let each of you not only look to his own interests but to the interests of others.  
- Philippians 2:4 -
